Date : October 2024

### Pierre-Alexandre Suide and his crew have hoisted the LINKERS flag in Marseille

The Parisian investment bank LINKERS dedicated to the mid cap companies strengthens its territorial coverage and is delighted to welcome Pierre-Alexandre Suide and his team, which is simultaneously being bolstered with the recruitment of Romain Gerla.

Having set out to conquer Lyon in 2021, LINKERS has chosen to drop anchor in Marseille this time. And it is Pierre-Alexandre Suide, a recognized expert in M&A for 20 years and representative of Clairfield International in Marseille since 2014, who is taking the helm of the Marseille office as a Partner.

With more than fifty transactions successfully advised, mainly around the Mediterranean, Pierre-Alexandre now wishes to "consolidate his position as a key contact for entrepreneurs in the South-East of France for primary transactions (direct sale, LBO, external growth) with enterprise values ranging between €3 and €50 million. »

« Moving under the LINKERS banner will also enable us to position ourselves in secondary transactions (fund buyouts, secondary LBOs, tertiary LBOs), with target companies valued between €10 and €50 million ».

### A team well established in the PACA region for 20 years

In this new office, Pierre-Alexandre is joined by his former team-mate Romain Gerla, director, who after a stint in investment funds, Romain has decided to take part in this ambitious project and to contribute to strengthen the origination and execution of deals, particularly with the P.E. funds of the South region. The team also includes Charlotte Berthelot (associate) and Samuel Joly (analyst).

Founded by Philippe Delecourt more than 20 years ago, LINKERS has currently around twenty professionals including 9 partners in its 3 offices. The Parisian brand also relies on 6 senior advisors as well as the world's leading M&A professionals through its membership in M&A WORLDWIDE. In addition to the twenty or so transactions completed each year by LINKERS, the new Marseille team are expected to advise on 5 to 7 operations under the name LINKERS.
